6. Details of why we consider the Plan to be unsound

Policy DM9 H (ii) and (iii)ⁱ are ambiguous in reference to boundary treatments.

We have had past experience in the District of boundary treatments which have had deleterious effects on neighbouring properties because of their obtrusive nature.

We feel the Plan needs to be clear that Policy DM9 H (ii) and (iii) specifically cover this aspect.

7. Changes needed

The ambiguity could be removed by adding in Policy DM9 H(ii) after the first occurrence in each case of the word "development" the words "(including intrusive boundary treatments)"

(ii) avoid overlooking and loss of privacy detrimental to the living conditions of neighbouring residents and the residents of the proposed development (including intrusive boundary treatments);

iii) not result in an over-bearing or overly enclosed form of development (including intrusive boundary treatments) which materially impacts on either the outlook of occupiers of neighbouring properties or the residents of the proposed development;"

8. Participation in the oral part of the examination

Yes, we wish to participate in the hearings.

9. We consider this to be necessary because

We think that it is necessary for us to participate at the hearings

- Because of our local knowledge (see description of Loughton Residents Association below)
- Because of the Council's failure to take proper action in respect of the views expressed in public consultations or in feedback from local Cllrs (see for example our representation on Site LOU R5 Loughton.
