

Loughton's under threat, but LRA always defends YOUR amenities and OUR environment. We need housing and starter homes for children of Loughton families, but not built on our green spaces, not high rise and not garden grabbing building.

1021 homes in the Conservative Loughton Plan would be harmful town cramming.

Our infrastructure can't take this increase. The Central Line and roads are unable to cope now - we have traffic queues and air pollution daily. Where will future children play and new schools be built? Bus services are cut yet more homes are planned.

Vote to keep your Independent District Councillor on 3rd May. Conservative Cllrs would build on our green open spaces - We know you don't want this so please vote LRA and help us stop it.

Chris Roberts - Lived here all my life - it's a great place to raise a family. I'm married with two working sons 28 & 25 yrs. My first job was an apprentice - now I lecture in engineering locally. I've been union shop steward, branch secretary and health & safety rep. When young, I played squash, boxed, did martial arts, enjoyed the rifle range, sub aqua and even swam in the river Roding by the weir, before the motorway came. My qualifications were mostly gained at the College. My passion is motorcycling so I know how bad the roads are. It's our green open spaces that make this town so special but the pressure to build on them is huge. It's vital that any building in Loughton is what we need and does not spoil the character of our town or the amenities we enjoy so much. Walking my dog on our green open spaces is my favourite - I love Loughton.

People elected to local councils under national political labels follow party lines

Non-political & independent - Loughton Residents Association continually campaigns for residents. LRA holds 34 Council Seats - We say: Residents and our town first. Voting locally for a national party is a wasted vote
