

Loughton's under threat, but LRA always defends YOUR amenities and OUR environment. We need housing and starter homes for children of Loughton families, but not built on our green spaces, not high rise and not garden grabbing building.

1021 homes in the Conservative Loughton Plan would be harmful town cramming.

Our infrastructure can't take this increase. The Central Line and roads are unable to cope now - we have traffic queues and air pollution daily. Where will future children play and new schools be built? Bus services are cut yet more homes are planned.

Vote to keep your Independent District Councillor on 3rd May. Conservative Cllrs would build on our green open spaces - We know you don't want this so please vote LRA and help us stop it.

Louise Mead - I grew up locally, did A levels and studies at the College and have a degree. I moved to Loughton in 2004 - it's a lovely town with a mix of old and new. We have the forest near with beautiful seasonal sights. I've been a social worker for 20 years and know it's vital to keep community facilities and our green open spaces. As a mother, I'm passionate about these spaces so our children can play in a clean and safe place. I share LRA's aims - working to keep what residents value. You elected me in 2014 - there's been lots to learn being a councillor but my passion for saving what we value is stronger. This town has so much including character and warmth. With 4 years experience in the LRA Team, I'm as ready as ever to get your council to keep our town the way it should be. I'll work hard to protect our open green spaces, shops and facilities.

People elected to local councils under national political labels follow party lines

Non-political & independent - Loughton Residents Association continually campaigns for residents. LRA holds 34 Council Seats - We say: Residents and our town first. Voting locally for a national party is a wasted vote
