

Loughton's under threat, but LRA always defends YOUR amenities and OUR environment. We need housing and starter homes for children of Loughton families, but not built on our green spaces, not high rise and not garden grabbing building.

1021 homes in the Conservative Loughton Plan would be harmful town cramming.

Our infrastructure can't take this increase. The Central Line and roads are unable to cope now - we have traffic queues and air pollution daily. Where will future children play and new schools be built? Bus services are cut yet more homes are planned.

Vote to keep your Independent District Councillor on 3rd May. Conservative Cllrs would build on our green open spaces - We know you don't want this so please vote LRA and help us stop it.

Bob Jennings - I've been your councillor since 2014 and lived in St. John's ward since 1990. For 25 years, I worked at senior level in both local and central government. Now I serve on many of the Council's committees to influence debate and help shape better outcomes. I've worked hard to support local residents, by representing their views on planning issues, helping to preserve the character of the Ward's two conservation areas, submitting schemes for highway improvements and combating anti-social behaviour. I'm keen to continue using my experience and skills for the long-term benefit of residents. If re-elected, I'll continue to work hard, helping St. John's retain and enhance its very special character. My aim is also to balance the demand for built development against the need to protect our town and its natural environment.

People elected to local councils under national political labels follow party lines

Non-political & independent - Loughton Residents Association continually campaigns for residents. LRA holds 34 Council Seats - We say: Residents and our town first. Voting locally for a national party is a wasted vote

LRA deliver **Loughton Life** to YOU twice a year. LRA households get more editions and most read our e-mailed **Loughton News**

LRA Plans Group - Scrutinise all planning & licensing applications and often deliver letters to nearby residents to help them comment. We keep YOU informed and involved - see our website:
